INTRODUCTION

At Freshly Chopped we aim to cater for the nutritional needs of all our valued customers, including those who have specific food allergies or intolerances.

Please note however, that the following ingredient and allergens listings are given in good faith and are intended for informational purposes only. They have been formulated through careful consultation and through the provision of product specifications from raw material manufacturers and suppliers. Please be aware that all our food at Freshly Chopped is prepared in a common working environment, meaning that there is possibility of allergen cross- contamination to menu items otherwise free-from such allergens. To minimize the risk, please inform your “Chopper” of your specific allergen requirements and we will ensure your order is prepared with the utmost care (clean cutting board and utensils).
